WELCOME

FROM THE PUBLISHER

A HELPING OF HOLIDAY CHEER

What's not to love about the holidays? We all relish friends, family, feasting and fawning over the year's best video games. The blustery weather provides the perfect excuse to stay inside and devote long stretches of your attention to games such as *Fallout 4*, *Rise of the Tomb Raider*, *Assassin's Creed Syndicate* or *Call of Duty: Black Ops III* — our game of the month.

In the spirit of the season, we compiled a Holiday Gift Guide (p. 28) showing all the hottest games, console bundles, special editions and accessories in one place. These gifts surely will get you in good with the gamer in your life.

Even better, Walmart is offering Rollback pricing all December long on many of the best games of the year, including the ones mentioned above, the hottest toys-to-life offerings and many, many more.

Whether you are buying games for your bestie, your brother or yourself, you should check out the great deals at your local Walmart store and online at www.walmart.com. These offers will help you get the most out of your holiday dollars.

Of course, the gaming industry never rests. While we are enjoying all of the great games of 2015, we are getting our first good looks at

the titles coming early next year.

That's why this issue also features previews of *LEGO Marvel's Avengers* and *Naruto: Ultima Ninja Storm 4*, just two of the games we're looking forward to in 2016, along with other titles such as *Uncharted 4: A Thief's End*, *Far Cry Primal* and *Tom Clancy's The Division*. Check out the pre-order calendar on page 10 to start planning your new year.

Whether you have been playing games for years or you're just getting started, we can say with confidence that now is the best time to be part of our exciting hobby.

Finally, everyone at Walmart GameCenter magazine wants to wish all our readers the happiest of holiday seasons. As we enter our fourth year of publication, we want everyone to know how much we appreciate your picking up and enjoying our magazine. We work hard to bring you the hottest news, previews and reviews, and we are pleased to be part of your gaming experience.

So raise a controller to 2015; it's been a great year. And remember to look for Walmart GameCenter magazine in the new year. With all the latest gaming news, previews and reviews we will keep you at the center of everything gaming.

SONY ANNOUNCES GRAN TURISMO SPORT

With the arrival of a new console generation comes the excitement that each platform's staples eventually will make an appearance. We've seen a *Halo* sequel for Xbox One and *Mario Maker* on Wii U, but one of Sony's original IPs, *Gran Turismo*, has been conspicuously absent. Three years into the lifecycle of the PlayStation 4, fans finally will receive an update to the racing sim with *Gran Turismo Sport*.

News of *Gran Turismo Sport* came during this year's Paris Games Week at the end of October. Kazunori Yamauchi, CEO of developer Polyphony Digital, joined Sony Computer Entertainment Europe CEO and president Jim Ryan to announce the latest iteration with a beta tentatively scheduled for 2016. *Gran Turismo Sport* will be Polyphony Digital's first racing sim since *Gran Turismo 6* came out on the PlayStation 3.

Ryan later told Eurogamer that this version is not *Gran Turismo 7* but more robust than an interim experience. *Sport* will be released exclusively on PlayStation 4, but a date for the full release has not been announced.

The PlayStation 4's updated technology allows the developer to push the franchise's boundaries and create the most realistic driving game ever, Yamauchi said. *Sport*'s design-

ers aim to go beyond a stellar presentation and deliver what the team dubbed a "rebirth" of motorsports. With this ambitious change to the *Gran Turismo* experience comes a partnership with FIA, the international auto racing's governing body, to run two flagship championships simultaneously throughout the year.

The Nations Cup sets players racing for their home countries, and the Manufacturers Cup pits car companies against each other, with racers representing their favorite automotive brands. The champions of these *Gran Turismo Sport* cups will receive their prizes live, alongside FIA-sanctioned race winners in Paris.

BY THE NUMBERS

\$750 million Sales of *Fallout 4* on its first day on sale

50 Percentage chance of seeing a new *Legacy of Kain* game, according to Crystal Dynamics

16 New vehicle variants recently added to *Halo 5*'s Warzone

104 Number of games in the first wave of Xbox One's backward compatibility update

6 Additional characters confirmed to be coming to *Street Fighter V* in its first year

9.5 million Players in the *Star Wars Battlefront* beta, EA's biggest test in history

COMING SOON FROM ACTIVISION BLIZZARD STUDIOS

One of the biggest names in gaming is headed toward the silver screen. Activision Blizzard Inc., the fifth-largest interactive gaming company in the world and the creator of the *Call of Duty*, *Guitar Hero*, *Skylanders*, *Destiny* and *World of Warcraft* games, plans to adapt a few of its franchises into original movies and TV shows.

The new in-house film and television studio, called Activision Blizzard Studios, will kick things off with *Skylanders Academy*, an animated TV show based on the toy-heavy *Skylanders* franchise. Voice actors confirmed for

the series include Justin Long as Spyro, Ashley Tisdale as Stealth Elf, Jonathan Banks as Eruptor, and Norm Macdonald as Glumshanks.

A *Call of Duty* movie is also in the works, though it won't hit theaters until 2018.

This isn't Activision Blizzard's first brush with Hollywood. The *World of Warcraft*-based movie, *Warcraft*, is in production with a release scheduled for June 2016. *Warcraft*, though, is produced by Legendary Pictures, while *Skylanders Academy* and the *Call of Duty* movie will be made in-house.

REPLAY YOUR 360 GAMES VIA THE NEW XBOX ONE EXPERIENCE

Xbox One consoles just got a major upgrade with the release of the New Xbox One Experience, the console's biggest update yet.

Backward compatibility allows Xbox One users to play their old Xbox 360 games. More than 100 titles are available at launch, with more planned for the months ahead. It's not just the games that jump consoles, though: Game saves, add-ons, DLC, achievements and Gamerscore will all carry over, as long as they've been synced up to the cloud.

Avatars also return from the 360, complete with full dress-up functionality. Players familiar with the Windows 10 Xbox app might recognize the new customization menu. More Windows 10 integration than ever before is now available with the addition of Windows 10 streaming.

A new community center is key to interacting with friends, while Game Hubs allow users to follow game developers directly and compare stats with other players. Meanwhile, a revamped OneGuide and added DVR functionality makes catching up on TV shows that much easier.

GAMING GOSSIP

COMPILED BY QUARTERMANN

HUGE PSN UPDATE, G-RATED JAMES BOND, AND SOLID SNAKE PLISSKEN

Step right up, my loyal Quartermaniacs, as I rake up a big pile of autumnal rumors and scuttlebutt for you to gleefully jump into! As the seasons shift to the dreamy, but shorter, days of football and pumpkin-spice lattes, you aren't out of the heat just yet — because what I've brought together for you this issue is hot, hot, hot! So sit back, strap in and let's put the proverbial pedal to the metal as we drive down the roarin' road of gaming gossip! ... Sometimes, tasty tidbits of information can come from the most mundane of sources, such as invite-only surveys. Sony recently emailed a select number of participants regarding the next major firmware update for the PlayStation 4. If the list is true, Sony is considering features such as updating your PSN ID, sending notifications when your friends come online, picking custom avatars, deleting unwanted items from your library, and — the Quartermann's personal pick — folders! We've already received one of the choices, PSN Wishlists, so it seems our PS4s could be in store for one heck of an update ... Speaking of wants — and whether or not they should be granted — *GoldenEye* director Martin Hollis recently told an amusing tale of feedback his team received while working on the Nintendo 64 shooter. After Rare secured a creative partnership with Nintendo to develop a licensed Bond title, the violence level of the game started to clash with the more family-friendly nature of Nintendo's 64-bit system. Hollis said Miyamoto even sent a fax asking the developer to

reconsider the amount of violence, following up with some suggestions of his own. "[Miyamoto] felt the game was too tragic," Hollis recalled. "He suggested it might be nice if, at the end of the game, you got to shake hands with all your enemies in the hospital." While Hollis didn't quite go that route, much to this Quarteragent's disappointment, he did help craft an end-credits scene for *Goldeneye* in which characters are showcased like a '90s sitcom intro to lighten the mood ... And while we're on the topic of Japanese game creators, I've got a heartwarming story of two artists avoiding needless lawsuits through the power of friendship. While talking to The Hollywood Reporter, director John Carpenter revealed that Hideo Kojima's numerous references to the film *Escape from New York* sprinkled throughout the *Metal Gear Solid* series almost got Konami's ex-golden boy in trouble. Canal Plus, the company that co-owns rights to the 1981 movie, contemplated seeking damages from Kojima for perceived copyright infringement — until Carpenter stepped in to stopped them. In the interview, he mentioned that he considered the *Metal Gear* creator to be his friend, noting that Kojima had always been nice to him. While the Q-mann is certainly no Quarterlawyer, I think *Metal Gear* has always been Kojima's homage to Western cinema, not a cheap imitation, so I'm glad to see these men from two different walks of life could come together to help make our world just a little Snake-ier ...

TODD HOWARD, GAME DIRECTOR, BETHESDA STUDIOS

"We love to build huge virtual worlds, where you can be whoever you want and do whatever you want. And the *Fallout* series does that in a world that has been destroyed by nuclear war. It's a mix of survival, adventure and exploration. In *Fallout 4*, your character is the sole survivor of an underground Vault meant to keep people alive during a nuclear apocalypse. You return to this world, and everything you knew and loved is gone. So it's about finding your way and making a new life in a world that has been destroyed, but [that] is rebuilding. But the world is always our main character. It's entering that world, exploring it, and discovering it all is the main thing that drives you forward and rewards you. We also tried to improve everything about the gameplay, but if there was one thing we spent more time on, it was making sure the combat felt great."

BUY NOW

CALL OF DUTY: BLACK OPS III

While most people likely will play this futuristic first-person shooter for its online multiplayer modes, the game actually has five other ways to play. First, there's a story-driven campaign in the Xbox One, PS4 and PC editions that has you fighting terrorists and Terminator-like robots. Once you beat that, you can replay it in a remix that the robots with zombies. Oh, and you can play both story modes alone or with up to three friends. You and your friends can also play a second zombie mode, Zombies, in which your characters will be portrayed by actors Jeff Goldblum, Heather Graham, Neal McDonough or Ron Perlman. There's also Freerun, in which you go for a jog using the game's wall-crawling mechanics. But the best thing to do when you're not getting shot online by some surly 18-year-old kid is to play *Dead Ops Arcade 2: Cyber's Avengening*, an '80-style, top-down, twin-stick shooter that's hidden in the safe house's data computer in the campaign.

STAR WARS BATTLEFRONT

As in previous games in this series, the new *Battlefront* is a multiplayer-centric shooter in which you play both sides in pivotal battles from the *Star Wars* movies. In addition to the option of playing from the first- or third-person perspective, the game gives you access to such iconic vehicles as speeders and AT-ATs, sets battles on such notable places as Hoth and Endor and even, if you do well in a fight, allows you to play as such familiar characters as Luke Skywalker, Princess Leia and — 32-YEAR-OLD SPOILER ALERT! — their dad, Darth Vader. While the game doesn't have a story-driven campaign, the Missions mode is playable alone or with a friend, with objectives such as surviving an onslaught of Stormtroopers and AT-STs on Tatooine. Plus, a week before the new movie, *The Force Awakens*, hits theaters, the game will get a free add-on, "The Battle of Jakku," that's set before the new movie.

ANIMAL CROSSING: AMIIBO FESTIVAL

In this spin-off, your favorite *Animal Crossing* characters engage in a virtual board game that's not unlike the *Mario Party* series. Use your Mabel, Tom Nook or K.K. Slider amiibos to tap in and travel around the board — based on months of the year — then earn Happy Points by buying turnips low and selling them high, and participating in minigames. As in *Animal Crossing: New Leaf*, Isabelle organizes special events on holidays such as Halloween, Toy Day and Bunny Day. *Animal Crossing* amiibo cards, which were introduced in *Animal Crossing: Hoppy Home Designer*, allows players to add new characters and public works projects to the town. *Amiibo Festival* is the first game to truly integrate amiibos into the gameplay, as opposed to just adding a little spice. Best of all, the *Animal Crossing: Amiibo Festival* bundle comes with exclusive amiibo figures of Isabelle and Digby, and three amiibo cards.

VALERIE WATROUS, WRITER, BLIZZARD ENTERTAINMENT

"*Legacy of the Void* is the culmination of the *StarCraft II* storyline. It takes place shortly after the events of *Heart of the Swarm*, only now our focus is on the Protoss, who we haven't spent a lot of time with since the 'Brood War' expansion for the original *StarCraft*. Players are now able to control their own Protoss arkship, the Spear of Adun. Its abilities are tremendously powerful, and can give the missions a very different flavor depending on which abilities you choose. Additionally, players will gain more warriors as the Protoss unite throughout the campaign. There are three representatives from different Protoss factions for each type of unit. Lastly, mission mechanics are more inventive than ever, and blend seamlessly into the main storyline. There is nothing quite like leading your massive army into battle, and then realizing something has gone terribly wrong."

COVER STORY

HOLIDAY GIFT GUIDE

BY MARC CAMRON & PAUL SEMEL

When the jingle bells start ringing in your ears and the scent of pine wafts through the air, the

holidays must be right around the corner. Time to eat cookies, drink hot cocoa and buy gifts for those special people in your life. Especially the gamers.

This year, Walmart has stocked the shelves full of great gamer gifts such as consoles, accessories and, of course, games. In fact, the elves up north even arranged for some special December **Rollback** pricing on many of the hottest games of the season to make it a little easier on your wallet. So check out our Holiday Gift Guide and get ready for some very happy holidays!

BEST GAMES OF THE YEAR

CALL OF DUTY: BLACK OPS III

ACTIVISION XBOX ONE, PS4, PC, XBOX 360, PS3

The most content-packed *Call of Duty* title in years, *Black Ops III* features a robust campaign with four-player co-op, a full suite of multiplayer options featuring a new momentum based movement system and a Zombies mode set in the 1940s. This shooter will keep you busy for months to come.

Rollback

RISE OF THE TOMB RAIDER

MICROSOFT XBOX ONE, XBOX 360

The 2013 *Tomb Raider* reboot introduced a fresh-faced, younger Lara Croft just learning to survive in the world. In *Rise of the Tomb Raider*, Lara takes control of her own destiny and embraces the adventurous role fans know and love. Jump into the adventure and discover how amazing Lara Croft really is.

Rollback

THE WITCHER 3: WILD HUNT

WBIE XBOX ONE, PS4, PC

The final chapter of the Geralt of Rivia saga, *The Witcher 3: Wild Hunt* features one of the largest game worlds ever. The fantasy setting and mature content will appeal to fans of a certain HBO series, while the action-packed gameplay will keep you busy for more than 100 hours.

Rollback

FALLOUT 4

BETHESDA SOFTWORKS XBOX ONE, PS4, PC

This long-anticipated action/RPG has finally arrived, and it's everything fans hoped for. Set in post-apocalyptic Boston, players craft the perfect character to explore the Wasteland, embarking on a 100-plus hour journey. With more customization options than ever before, *Fallout 4* lifts the series to new heights.

DESTINY: THE TAKEN KING

ACTIVISION XBOX ONE, PS4, XBOX 360, PS3

The follow-up to last year's popular massively multiplayer online shooter, *Destiny: The Taken King* introduces a new big boss to challenge veterans and newbies alike. Though technically an expansion pack, *Taken King* offers so much new and polished content that it becomes a new experience.

STAR WARS BATTLEFRONT

EA XBOX ONE, PS4, PC

Experience epic battles between the Rebel Alliance and the Empire in *Star Wars Battlefront*. Up to 40 players can compete in massive battles on such familiar planets as Hoth, Tatooine and Endor. Keep your eyes peeled for plenty of familiar faces, and may the Force be with you ... always.

HALO 5: GUARDIANS

MICROSOFT XBOX ONE

Picking up eight months after the end of *Halo 4*, *Guardians* focuses on Spartan Locke's search for Master Chief. Featuring four-player co-op, the campaign is unlike anything from previous *Halo* entries. Add in amazing multiplayer and a new Warzone mode, and you have the best sci-fi shooter of this generation.

ASSASSIN'S CREED SYNDICATE

UBISOFT XBOX ONE, PS4, PC

Returning to the series' roots, *Assassin's Creed Syndicate* transports players to Victorian London and into the cloaks of twin Assassins Jacob and Evie Frye. Though strictly a single-player affair, *Syndicate* features a sprawling city packed with adventure, intrigue and mysteries. So make a leap of faith. London awaits.

BATMAN: ARKHAM KNIGHT

WBIE XBOX ONE, PS4, PC

The final game in Rocksteady's *Arkham* trilogy, *Batman: Arkham Knight* lets players loose in the largest, most open version of Gotham yet. So big, in fact, you'll need the Batmobile to get around. A bevy of baddies will test every skill the Dark Knight has ever learned, so get ready to face the night.

WALMART EXCLUSIVE SPECIAL EDITION CONSOLES

If you're looking for a new console, you won't do any better than one of the editions below, each filled with games and exclusive to Walmart.

If you enjoy shooting lizard-like mole people while ducking for cover, check out Microsoft's *Gears of War: Ultimate Edition* Xbox One bundle. The console comes with an enhanced version of the original *Gears of War* that features five campaign missions never before available on console, along with the original Xbox 360 versions of the rest of the series. Plus, you get early access to the beta for next year's *Gears of War 4* in 2016.

You also get an Xbox One in an exclusive white color with a matching controller. This stunning console is perfect for those who are tired of the basic black consoles that dominate today's gaming landscape.

However, if you're more interested in jump-happy plumbers, Nintendo's Wii U *Super Mario Maker* Console Deluxe Set not only includes a black Wii U and a digital copy of *Super Mario Maker*, which lets you design your own levels for you-know-who, but it also features an exclusive Super Mario Bros. 30th Anniversary Modern Color amiibo.

WB
GAMES

TOYS-TO-LIFE GAMES

LEGO DIMENSIONS

WBIE XBOX ONE, PS4, WII U, XBOX 360, PS3

When the nefarious Lord Vortech causes a rift between worlds, it's up to Batman, Gandalf and Wyldstyle to set things right. Filled with favorite characters from such diverse properties as *Back to the Future*, *Lord of the Rings*, *Scooby-Doo!* and more, *LEGO Dimensions* is one wacky mash-up.

The game has you building and playing, continuously moving your pieces around the game pad in concert with the on-screen action. It's non-stop, packed-to-the-rafters gameplay chock-full of secrets.

The hottest trend in gaming right now is toys-to-life games, in which your collectible figures become part of your game. These three latest additions to the field are just begging to leap to life in your house.

DISNEY INFINITY 3.0 STAR WARS EDITION

DISNEY INTERACTIVE XBOX ONE, PS4, WII U, XBOX 360, PS3

Disney Infinity 3.0: Star Wars Edition takes players from the fall of the Old Republic to the ascension of the Empire and to a new "Awakening" of the Force.

Three *Star Wars* Play Sets are joined by one based on the hit Disney film *Inside Out* and an upcoming Marvel Battlegrounds. Throw in the revamped Toy Box, where you can use every figure and Power Disc from the first two games, and you have a game overflowing with signature Disney fun.

SKYLANDERS SUPERCHARGERS

ACTIVISION XBOX ONE, PS4, WII U, XBOX 360, PS3

The original toys-to-life series returns with a new twist: vehicles. Now players can traverse Skyland in style, on the ground, in the air and even under water.

While every version of *SuperChargers* features high adventure and furious racing, Wii U owners get a special bonus with the addition of two Nintendo characters — Bowser and Donkey Kong — and their over-the-top karts. Whichever system you choose, *Skylanders SuperChargers* will speed you into the Skylands like never before.

NINTENDO AMIIBO

NINTENDO WII U, 3DSXL (2DS & 3DS W/ ADAPTER)

Nintendo has taken a different path with its toys-to-life series of figures. Amiibos can be used in more than one game. Check them out in titles such as *Super Smash Bros.*, *Super Mario Maker*, and *Animal Crossing: amiibo Festival*.

RACING GAMES

FORZA MOTORSPORT 6

MICROSOFT XBOX ONE

The latest entry in Turn 10's Xbox-exclusive racing series gives Xbox One owners a reason to put the pedal to the metal. If 26 tracks (including nine completely new to the franchise) and more than 450 cars (twice as many as *Forza 5*) isn't enough, the addition of night and rain racing rounds out this awesome racer.

NEED FOR SPEED

EA XBOX ONE, PS4

For players who are looking for a little more edge to their racing, the *Need for Speed* series roars on to new-generation consoles with this reboot. As an up-and-coming street racer, you must win races, outrun the cops and earn the dough to fine-tune your car into a pavement-chewing monster. Get ready to ride.

SPECIAL EDITION GAMES

GAME EDITIONS MADE FOR SUPER FANS

Special editions offer fans more than just the game. Collectibles such as maps, art books and props set these editions above the rest.

JUST CAUSE 3 COLLECTOR'S EDITION

SQUARE ENIX XBOX ONE, PS4

For gamers who like to climb, the *Just Cause 3 Collector's Edition* includes the game, a map of the game world, and a 32-page hardcover art book, as well as a non-working replica of Rico's grappling hook. Insurance not included.

FALLOUT ANTHOLOGY

BETHESDA SOFTWORKS PC

If you prefer casually sauntering, the *Fallout Anthology* offers the original post-apocalyptic adventure game, *Fallout*, as well as *Fallout 2*, *Fallout Tactics*, *Fallout 3: Game of the Year Edition* and the *Ultimate Edition* of *Fallout: New Vegas*, all in a mini-nuke case you can use to scare your dog.

CALL OF DUTY: BLACK OPS III JUGGERNOG EDITION

ACTIVISION XBOX ONE, PS4

Would you rather shoot terrorists than mutants? Then this *Juggernog Edition* has the game, bonuses such as an exclusive multiplayer map and a season pass, and a real, working refrigerator that can hold a dozen cans of soda. Seriously.

STAR WARS BATTLEFRONT DELUXE EDITION

EA XBOX ONE, PS4

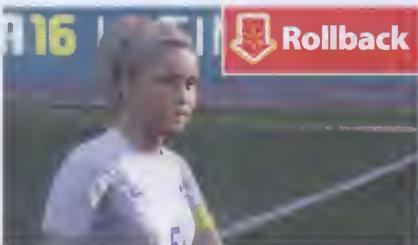

If you have even more soda in need of chillin', the *Star Wars Battlefront Deluxe Edition* obviously includes the game, as well as a six-can mini-fridge that looks like a certain Nerf Herder who's been frozen in carbonite.

ARMCHAIR ATHLETICS

FIFA 16

EA XBOX ONE, PS4, XBOX 360, PS3

For the first time, *FIFA 16* includes a full roster of women's teams, finally acknowledging the impact women's soccer has on the world's most popular sport. Don't worry that the developers cut anything out to make room for the ladies, though. *FIFA 16* still offers all the teams, leagues, stadiums and modes that the franchise is famous for.

WWE 2K16

2K XBOX ONE, PS4, XBOX 360, PS3

Nothing can match the excitement and flare of a WWE match, and 2K has captured it all with *WWE 2K16*. Whether you play as a current champion, a diva, a past superstar or even the T-800 Terminator (portrayed by Arnold Schwarzenegger, of course) this game has it all. So jump into the ring and get ready for a whoopin'. Folding chair not included.

MADDEN NFL 16

EA XBOX ONE, PS4, XBOX 360, PS3

The latest version of *Madden NFL* focuses on the passing game and offers living-room quarterbacks a multitude of throwing options, from light touches to laser-like bombs. Receivers aren't left out, though, with options that give you a chance to make that big break-away play. Everything else you love about *Madden* remains, so the only question is, which jersey are you wearing?

NBA 2K16

2K XBOX ONE, PS4, XBOX 360, PS3

What happens when you let a world-renowned director take the reins of the story in a sports game? You get *NBA 2K16*, with a cinematic career mode, courtesy of Spike Lee. Now, you can experience the rags-to-riches story of an up-and-coming b-ball superstar, with all the drama and finesse Lee is known for, plus the action that only the *NBA 2K* series can deliver.

COVER STORY

FOR KIDS OF ALL AGES

JUST DANCE 2016

UBISOFT XBOX ONE, PS4, WII U, XBOX 360, PS3, WII

The best-selling dance series returns with more than 40 huge hits beckoning you off the couch and onto the dance floor. With songs from Meghan Trainor, Lady Gaga, Demi Lovato, Pitbull, Nick Jonas, Selena Gomez and many more. With numerous competitive and cooperative modes, you can jump in for one song or stage an all-night Dance Party.

LEGO JURASSIC WORLD

WBIE XBOX ONE, PS4, WII U, XBOX 360, PS3, 3DS, PS VITA

This year's biggest movie comes to consoles with *LEGO Jurassic World*. All four *Jurassic Park* films are included in this Tyrannosaurus-sized package in which you can play as humans and as extinct dinos brought back to glorious brick-y life. You can even splice some DNA and make your own dinosaur, if you dare. Just remember what happened in the movies.

THE PEANUTS MOVIE: SNOOPY'S GRAND ADVENTURE

ACTIVISION XBOX ONE, PS4, WII U, XBOX 360, 3DS

Charlie Brown is missing. It's up to Snoopy and his little yellow pal, Woodstock, to find him. This side-scrolling platform game is perfect to play with a friend as you collect jelly beans, rescue Beagle Scouts and even face off against that wily Red Baron. The perfect game for everyone who loved this year's *Peanuts Movie*.

ACCESSORIES

DON'T BE MISSING
A SINGLE THING

As any sharp-dressed man will tell you, it's all about the accessories. The same goes for sharp gamers. But don't worry if you don't have any fashion sense, we've got you covered.

Start with Sony's 20th Anniversary Edition Dualshock 4 controller **1**, molded in the same grey and black as the PS1 and sporting the original PlayStation logo.

Of course, controllers only work when charged, but plenty of options keep you covered there.

Nyko offers a full line of Charge Bases, available for PS4, Xbox One and Xbox 360. Or upgrade to the Modular Charge Station for the PS4 **2**. Both can charge two controllers at once to ensure they are ready when you are.

If you're looking for something to coordinate with your favorite game, pick up Power A's *Halo* Xbox One charging station **3**, which comes in red or blue, or the company's *Call of Duty: Black Ops III* for your PS4's Dualshock 4.

Power A also keeps your Nintendo toys organized with the amiibo End Level Display Case **4**, which showcases up to six amiibos on 22 blocks and has a goal pole.

If you're more into *Disney Infinity*, though, Power A's *Disney Infinity* Carrying Case **5** can help transport your figures, discs and power base anywhere you need to be. The Power Disc Wallet, which holds up to a dozen discs in a zippered pouch, offers two cover options: Chewbacca, Han Solo and Princess Leia; or Darth Vader, Luke Skywalker and Yoda.

IN CASE YOU MISSED IT

Although plenty of new games are available to play, you or your loved ones likely missed a few older titles along the way.

Now is the perfect time to pick up one of these hits for someone you love — or even for yourself.

HALO:

MASTER CHIEF COLLECTION
MICROSOFT XBOX ONE

If you're a little lost in the backstory in *Halo 5: Guardians*, pick up a copy of *Halo: The Master Chief Collection*, which contains the first four games and more than 100 multiplayer maps.

 Rollback

TURTLE BEACH

KEEP IT TO YOURSELF

Just as you shouldn't underestimate the importance of sound in video games, neither should you discount how irritating other people's games sound at 4 a.m. That's why you need one of Turtle Beach's headsets. If you are looking for one headset to rule them all, check out the Ear Force PX24, which is compatible with all your systems and is a good overall headset.

But if you want something a little more high-end, the Ear Force Elite 800 Headphones (PS4, PS3) and the Elite 800X

Headphones (Xbox One), will present every audible nuance in your games.

These options are comfortable enough for all-night gaming, deliver solid sound, and will stop your neighbor from calling the cops. Again.

BORDERLANDS:

THE HANDSOME COLLECTION
2K GAMES XBOX ONE, PS4

The only thing better than one *Borderlands* game is a pair of them, all spiffed up for new-gen systems. *The Handsome Collection* contains *Borderlands 2* and *Borderlands: The Pre-Sequel*.

 Rollback

DYING LIGHT

WBIE XBOX ONE, PS4

The zombie apocalypse is tough in the day-time, but when the sun goes down, things get really intense. In *Dying Light*, you must avoid the creatures that want to have you for dinner.

 Rollback

EVOLVE

2K GAMES XBOX ONE, PS4

Asymmetrical shooters are all the rage, but none is better than *Evolve*, a game that pits four player-controlled hunters against one massive player-controlled monster.

 Rollback

CALL OF DUTY:

ADVANCED WARFARE
ACTIVISION XBOX ONE, PS4, PC, XBOX 360, PS3

The first *Call of Duty* title from Sledgehammer Games, *Advanced Warfare* introduced Exo-suits to give soldiers special abilities. This fresh take offers fans looking something different.

 Rollback
ON SELECT SYSTEMS

GRAND THEFT AUTO V

ROCKSTAR GAMES XBOX ONE, PS4, XBOX 360, PS3

One of the best-selling games of all time, *Grand Theft Auto V* is strictly an adult affair. Gamers older than 17 should give it a try for its unprecedented scope and amazing gameplay.

 Rollback

MORTAL KOMBAT X

WBIE XBOX ONE, PS4

Strictly for mature players, this storied fighting franchise returned with *Mortal Kombat X*. Find all the brutal moves, flashy characters and fatalities on new-generation hardware.

PREVIEW

LEGO MARVEL'S **AVENGERS** ALL THE PIECES ARE COMING TOGETHER

BY NICK PLESSAS

Long gone are the days when LEGO was nothing more than a collection of small bricks for our parents to step on. This iconic construction toy has been a staple of family-friendly entertainment in the video game industry for many years, bringing popular franchises such as Indiana Jones, Star Wars and Harry Potter into its plastic realm.

The Marvel Universe has already been graced with a LEGO title on current-generation platforms with *LEGO Marvel Super Heroes*, but that was just the first round. In January, you'll

be able to add *LEGO Marvel's Avengers* to your living room entertainment card.

While *LEGO Marvel Super Heroes* took our favorite comic icons through a new adventure, *LEGO Marvel's Avengers* follows the battles of the Universe's epic movies released in the past several years, such as *The Avengers*, *Avengers: Age of Ultron*, *Captain America: The First Avenger*, *Iron Man 3*, *Thor: The Dark World* and *Captain America: The Winter Soldier*.

The new game features more than 100 playable characters, slightly fewer than the previous title's roster, but with plenty of new faces from the recent blockbusters. Players will choose from Scarlet Witch, Quicksilver, Vision, Ultron and Crossbones, as well as a huge number of returning heroes and villains. In addition, real-life icons Stan Lee and Lou Ferrigno make appearances in the new game.

As they did in *Super Heroes*, the fighters can team up to unleash devastating super moves, but the type of execution will vary, depending on which characters match up. Characters fight enemies, traverse obstacles, solve puzzles and conquer bosses in a variety of missions ripped from the Marvel movies. The game's characters travel beyond New York City to locations around the globe, such as Stuttgart, Germany; Johannesburg, South Africa; and Korea. In those places, the Avengers uncover classic LEGO hidden collectibles and secrets.

LEGO Marvel's Avengers is not an expansion to *LEGO Marvel Super Heroes* but a full, stand-alone title that broadens the Marvel Universe in the land of LEGO. It's time to take back our world and the Avengers could use some assistance ... oh, and a Hulkbuster could always come in handy as well. **G**

The new game features more than 100 playable characters.

NARUTO SHIPPUDEN: ULTIMATE NINJA STORM 4

GET READY FOR BATTLE

BY SPENCER CAMPBELL

Naruto Shippuden: *Ultimate Ninja Storm 4* will be the first time the fast-fisted action of the *Storm* series uses the power of the current generation of consoles. With an updated roster that totals more than 50 playable characters and a new mode that will alter the way you play, *Ultimate Ninja Storm 4* is shaping up to be the best game the series has seen.

In previous entries, you've been able to call on the help of your allies only briefly in combat, but Leader Swap mode changes that in *Naruto Shippuden: Ultimate Ninja Storm 4*. In the new mode, you can switch out your own character to fight as support characters. Now you can bring Naruto's friends, as well as some of his enemies, to the fight.

In *Ultimate Ninja Storm 4*, you and your friends will choose from more characters — including new additions such as Kaguya, Madara and Obito or any of the dozens of Shinobi World residents — to suit your needs. After you choose a fighter, you can compete

against your friends in the same room or anyone in the world using online play.

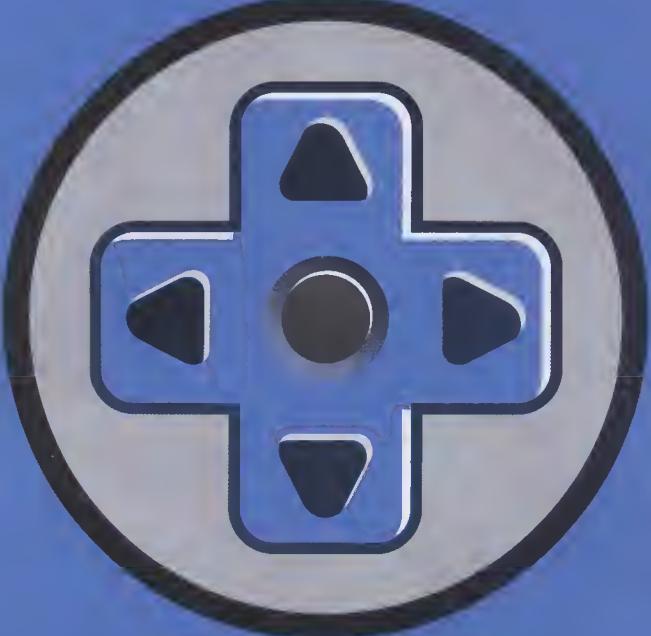

You might recognize some of the voices when you're battling your way through Shinobi World. The entire cast of the *Naruto* anime reprises their roles in *Ultimate Ninja Storm 4*. If you'd like to hear the Japanese, Mexican or Brazilian voiceover cast, you can switch between voices whenever you'd like.

But a battle wouldn't be much without a battlefield, and *Ultimate Ninja Storm 4* offers plenty of locations where you can duke it out. The quiet village square of the mysterious Hidden Leaf Village, the ancient Divine Tree and the legendary Final Valley are just a few of the places where you'll be fighting off evil. Some environments will even feature destructible elements.

With more characters than ever and a new mode that lets you use your partners to their maximum potential, *Naruto Shippuden: Ultimate Ninja Storm 4* will allow you to live out your fantasy *Naruto* battles better than any entry in the series. ☐

Now you can bring Naruto's friends, as well as some of his enemies, to the fight.

CALL OF DUTY: BLACK OPS III

BACK ON THE ATTACK

BY NICK PLESSAS

And so the cycle repeats. With each passing year comes another *Call of Duty* and its latest attempt to mix up the formula. The twist here is, it kind of does. *Call of Duty: Black Ops III* is divided into three pillars of gameplay, appropriately, and all are effectively substantial. All three options bring something to the table and are deserving of equal critique.

The key behind the evolution of the game's campaign is replayability. Although the story of two soldiers on a hunt for answers while a neural network is making everyone go crazy might hold your attention, the narrative primarily operates as a framework for gameplay that has stepped beyond the pop-and-shoot repetition the series is known for. The incorporation of the new free-running maneuvers gives the map superior pacing and flow while the new Cyber Core abilities provides a wide

selection of combat opportunity, giving a single player the resources to pull a character out from behind the wall and throw him or her head first into the action — now with the option of three friends alongside. The new systems are simple enough to execute seamlessly yet provide surprising depth to otherwise tired design.

In regards to Zombies, what began as a post-campaign unlock in *Call of Duty: World at War* has become a fan-favorite staple of Treyarch-developed *Call of Duty* games. Here, Zombies mode throws players into the fictional 1940s Morg City with four characters cursed to fend off waves of the undead as they fight to uncover the secrets behind the city and their own misfortune. Secrets to be uncovered, mini bosses to tackle, and the iconic mystery box gives it the old Zombies survival feel. It is more of the same; luckily, the same is so good.

Finally, the famous *Call of Duty* multiplayer might make the largest strides with the nine new Specialists leading the charge. Each Specialist possesses one unique weapon and one special ability that players choose and then take into a match, noticeably affecting their potential tactics. Multiplayer doesn't stop at new content, however, as it now supports more precise and smoother gunplay compared to the twitchy spraying in previous titles, complemented by the game's combat movement system. There will always be the balance, especially in *Call of Duty* multiplayer, between enhancing the experience and staying true to form. It hasn't budged too much, but *Black Ops III* will return some of that old feeling to your fingertips.

Call of Duty: Black Ops III brings an evolution to the series that it has been longing for. It doesn't set the world on fire, but it is a clear step above recent entries in the series.

SIDE QUESTS

HELPFUL HINT from Vault Boy!

Did You
Know?

What are Side Quests? Glad you asked! These are major sets of objectives to undertake that aren't related to your Main Quests or any factions you may be working with. They are usually related to one or more settlements and involve some serious exploring. Some require you to buddy up with a companion. Such activities might be dangerous, but they're certainly rewarding! They're also presented alphabetically, and each have a different criteria for commencing.

The following Side Quests are available:

Side Quest	Location	Side Quest	Location
Benign Intervention	Page 184	Emergent Behavior	Page 198
The Big Dig	Page 185	Here There Be Monsters	Page 199
Confidence Man	Page 187	Human Error	Page 200
Curtain Call	Page 188	Kid in a Fridge	Page 202
Detective Case Files: The Disappearing Act	Page 189	Last Voyage of the U.S.S. Constitution	Page 203
Detective Case Files: The Gilded Grasshopper	Page 190	Long Road Ahead	Page 206
Detective Case Files: Long Time Coming	Page 191	The Secret of Cabot House	Page 207
Diamond City Blues	Page 194	The Silver Shroud	Page 210
The Devil's Due	Page 197	Vault 81 and Hole in the Wall	Page 212

Quest Benign Intervention

1. MISCELLANEOUS: ELIMINATE THE REMAINING RAIDERS
2. MISCELLANEOUS: TALK TO TOMMY
3. BRING CAIT TO VAULT 95
4. LOCATE THE CLEAN ROOM
5. SPEAK TO CAIT

6. WAIT FOR CAIT TO GET INTO THE CLEAN ROOM CHAIR
7. CURE CAIT'S ADDICTION
- B. SPEAK TO CAIT

Locations to Explore
COMBAT ZONE (PAGE 497)
THEATER DISTRICT (NEIGHBORHOOD) (PAGE 496)
VAULT 95 (PAGE 35B)

MISCELLANEOUS: COMPANION CAIT

During your exploration of Boston, take in a show at the Combat Zone. This is a Raider stronghold, so you'll need to fight your way in. Once inside, there are more Raiders to attend to before entering the arena.

Once in the arena, speak with Tommy Lonegan. He's hoping you'll partner up with Cait while he gets his arena back in order.

(Medium) Ask why you should partner with Cait.

COMPANION: CAIT

HELPFUL HINT from Vault Boy!

Did You Know?

Isn't Cait great? She's sure helpful in a fight and seems to shrug off gunfire like she's a chem-dependent junkie! Remember if you want a deeper friendship with her, you need to make decisions she sees as positive. The Companions section of this guide (page 29) has some steps to take.

A REFORMED PSYCHO KILLER

Speak to her periodically until she confides in you about her dependency on Psycho. It's taking its toll on her health. She mentions an old Vault where she might be able to cure this addiction. Head southeast to Vault 95, and set upon the Gunners and Assaultrons at the entrance. Watch for turrets, too.

VAULT-TEC RECOMMENDS

WHAT'S THERE TO LOOT?

NUKA CHERRY
BOBBLEHEAD: BIG GUNS

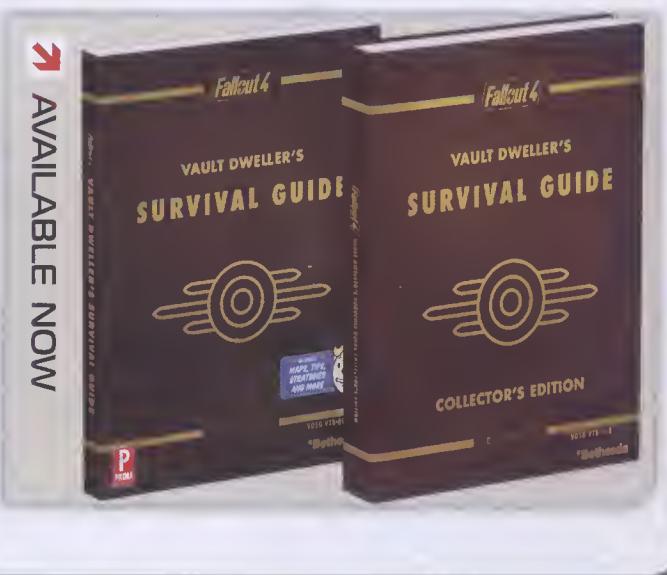

There's little left that the Raiders haven't picked over at the Combat Zone (except a Nuka Cherry). However, the Gunners in Vault 95 are guarding a limited-edition official Vault-Tec Bobblehead! Bring home the Big Guns!

Make your way through Vault 95, mopping up more Gunners until you locate a "Clean Room," an area dedicated to drug rehabilitation. Speak with Cait and convince her to go through with the detoxification.

(Easy) You can use your friendship to help convince her.

When she is seated, use the Clean Room terminal and begin the detox. Afterwards, you can affinity with Cait (until her perk becomes available), but her outlook to certain actions she likes and dislikes changes. Look to the Companions section of STAT Chapter for more information.

GAME DIRECTOR – TREYARCH

GAME HIGHLIGHTS

CALL OF DUTY: BLACK OPS III, CALL OF DUTY: BLACK OPS II, CALL OF DUTY: BLACK OPS, CALL OF DUTY: WORLD AT WAR, CALL OF DUTY 3

WGC: What did an extra year of development allow you to do that might not have been possible otherwise?

DB: This is our first title on the current generation of consoles and we spent a lot of time really developing our core tech and overhauling core systems in the game — like our graphics engine has been completely rebuilt from the ground up. On the creative side, we also spent time developing big ideas. We took a lot of big risks and learned from that early on, but that gave us the time to do some experimental stuff, including the movement system, which is completely different from anything we've done before. We started doing that from the beginning because we knew it would have a big impact on how we built the world around us.

WGC: What was the inspiration for the Specialists?

DB: There are a lot of things that went into the Specialist system. We started with a lot of character customization for players. We wanted to build the tools for players to express themselves, to express their own identity in the game, and as we were building that system out it didn't feel deep enough. It wasn't as satisfying as it could be because it wasn't connected to gameplay. So, one day we came in and were like, "Hey, let's go bigger on this. Let's make these characters have personalities with backstories." We wanted to bring some narrative into multiplayer, which is something we had never done before. We wanted to bring a lot more lore into the game and have the world that you're in feel cohesive and like it's part of a bigger story.

WGC: What do the Specialists add to multiplayer from a competitive/eSports aspect?

DB: That's an interesting question because we always get noticed when it comes to the eSports side of *Call of Duty* because there are particular things the pro players want. But we also have to balance that with making a game that is exciting for players to watch, because if you don't have people spectating, you don't have eSports. So, it's always about balancing

With Sledgehammer Games now a part of the *Call of Duty* development rotation, Zombies mode originators Treyarch had an extra year between its entries in the *Black Ops* series. Taking advantage of that time, they're turning the series on its head, starting with the ever-popular multiplayer. We talked with multiplayer game director Dan Bunting to see what's new this time around.

what you give the pro players and what you give the fans to play, enjoy and watch. We were nervous about it, but it also adds this layer of meta-game to *Call of Duty* because now players have to strategically pick what Specialist they will be before heading into the game. And when you look at how pro players play competitively, they have roles they fulfill on their team and this strengthens those roles. Now, they have mechanics that will enhance their gameplay and the role they want to play as.

WGC: Why bring back the Pick-10 system?

DB: In this game in particular, we felt the Pick-10 system was a very balanced system. It was a big thing for us to introduce in *Black Ops II*. And just as a core philosophy, Pick-

"We took a lot of big risks and learned from that early on, but that gave us the time to do some experimental stuff."

10 is all about your create-a-class content. It's the equipment you'll select before the beginning of a match and then carry with you throughout the match and it really defines your moment-to-moment. It defines how you move through the game at each point in the process. And that felt like it needed to be sacred in create-a-class that Pick-10 needed to be specific to the content you had control over from the beginning to the end.

WGC: What's your favorite mode to play in multiplayer?

DB: I'm partial to Hardpoint. I like the tactical gameplay that can come out of it and also the very fast-paced gameplay because it's a singular objective and all those singular objectives that bring players into one location to fight over one point really brings out the best in what the multiplayer experience is for *Call of Duty*. ☺
